

GENDERA

Gender Debate in the
European Research Area

CONFERENCE ANNOUNCEMENT

GENDER AND INNOVATION – MAXIMISING INNOVATION POTENTIAL THROUGH DIVERSITY IN RESEARCH ORGANISATIONS

Join the Gender Debate in the European Research Area at the GENDERA project's Final Conference, 19th - 20th March 2012 in Stuttgart, Germany

THE FINAL CONFERENCE

The Final Conference of the GENDERA project focuses on current issues around gender and research in research organisations. Experts will gather from all over Europe to discuss how current policy and actions are contributing to getting more women researchers into leading and decision-making positions in European research organisations and in higher education institutions. What policy changes are needed to make further advances? What role does structural change play? And how can innovation be driven by considering gender? Speakers and participants will include policy makers, representatives of researching institutions as well as representatives of research organisations from all over Europe.

JOIN THE CONFERENCE TO CONTINUE THE DEBATE

You are invited to join the conference to add your ideas for advancing women researchers' careers.

Discuss with experts current and future policy on gender and innovation.

Apply to present your project in the accompanying exhibition (spaces are limited).

INFORMATION AND REGISTRATION

Further information about the conference will be posted on www.gendera.eu.

Participation at the conference is free of charge. Registration to the conference will be possible from 1st December 2011 onwards on www.steinbeis-europa.de/event.gendera.html
